

J8 The complete package

Benefits at a glance

- Sweet Foam function to flavour the milk foam for the ultimate indulgence
- Coffee Eye detects the cup position and adapts the speciality selection accordingly
- P.A.G.2⁺ grinder with aroma control to actively monitor the grind consistency
- Reinterpreted design reflects quality and expertise

The new generation of the globally popular J line is packed full of technical innovations designed to create even more delicious coffee. The J8 prepares the full range of classic coffee drinks and now comes with even more specialities. The Sweet Foam function flavours the milk foam with your favourite syrup, with your choice of flavour, sweetness and intensity. This means you can now brew a Sweet Latte at the touch of a button. The P.A.G.2⁺ grinder with active grind monitoring and the eighth-generation brewing unit with 3D brewing process achieve optimum results and maximum flavour every time. For even greater convenience, the Coffee Eye detects the position of the cup and automatically adapts the selection of beverages on the display to show the available options. It couldn't be easier. And the same goes for maintenance, because with the One-Touch milk system cleaning function, the job is done in moments. The quality inside the machine is reflected in its exterior design, which complements the superior engineering of the J8 with a characteristic look.

Technical overview

Specific advantages

Number of specialities	31
Sweet Foam function	■
Intelligent preheating	■
Coffee Eye	■
Active bean monitoring	■
JURA Cockpit with maintenance status display	■
WiFi connection to home network	■
Transmitter supplied as standard	WiFi Connect

JURA coffee machine standards

Pulse Extraction Process (P.E.P.®)	■
One-Touch Lungo function	■
One-Touch function	■
Variable brewing unit	5 – 16 g
Grinder	P.A.G.2+
High-performance pump, 15 bar	1
Thermoblock heating system	1
Fluid systems	1
Milk system/ interchangeable milk spout	HP3/ CX3
Powder chute for ground coffee	■
Aroma preservation cover	■

Operating and programming standards

Compatible with J.O.E.®	■
Display	4,3" touchscreen colour display
Store, copy and personalise products	■
Programmable and individually adjustable amount of water	■
Programmable and individually adjustable coffee strength	10 levels
Programmable amount of milk/ milk foam	■
Programmable brewing temperature	3 levels
Programmable temperature of hot water	3 levels

Hygiene standards

Intelligent Water System (I.W.S.)	■
CLARIS filter cartridge	CLARIS Smart
One-Touch milk system cleaning (automatic)	■
Integrated rinsing, cleaning and descaling programme	■
Monitored drip tray	■
JURA hygiene: TÜV-certified	■

Energy standards

Energy Save Mode (E.S.M.®)	■
Zero-Energy Switch or power switch	■
Programmable switch-off time	■

Design and materials

Amber/ white cup illumination	■
