The X10 sets new standards, bringing variety and freshness. Quite literally, because its repertoire includes an impressive 35 speciality coffees, nine of which are cold extracted. The fully automatic cold extraction process is a special feature of the X10 and brings refreshing Cold Brews to the professional sector. The X10's versatility also extends to longer specialities using more water, such as americanos and lungis. Thanks to the One Touch Lungo function, it also prepares these specialities at the touch of a button. In addition to the wide variety of beverages, the P.A.G.2<sup>+</sup> grinder and functions of the professional automatic machine are also impressive. The X10 is easy to operate thanks to the colour display and physical buttons, making it appropriately accessible. The X10 is the ideal size for use in offices, self-service areas or catering businesses with a daily demand of 100 preparations.
