- Studios

Recommended maximum daily output 50 cups

Recommended accessories

- Business Connect
- Wi-Fi Connect V2
- MDB Connect
- Cup warmer
- Accessory drawer

Compact and with all the comfort you could wish for in a business environment: the W4 is a robust, professional pure coffee automatic coffee machine that is extremely user-friendly. The W4's modern technology includes the Professional Aroma Grinder (P.A.G.2). From the very first cup, it grinds with precision and gives black coffee specialties the desired intensity. The pure coffee expertise is complemented by the Lungo function for extended specialties and the Pulse Extraction Process (P.E.P.®) for intense espressi. The design is based on the functionality and classic elegance of JURA. With a colour display, front-mounted buttons and a switch for hot water preparation, the W4 is extremely user-friendly. Impeccable hygiene at the touch of a button and lockable components ensure easy handling. While the clean lines of the W4 ensure a timeless aesthetic, the programming offers the necessary scope for flexibility. Ground coffee and water quantities, as well as locking options, are variably adjustable. With a 3-litre water tank and a bean container with a holding capacity of 500 g, the W4 is ideal for places where a daily capacity of up to 50 speciality black coffees is required. The Pocket Pilot 3.0 software from JURA provides the option of contactless payment and comes with a user-friendly billing and administration system.
